Added Equipment Assigned To Local Highway Stations

Prepare For Heavy Snow As Highway Stations Get Plows

Plans for keeping highways in the Sierra Nevada area open this winter have resulted in some added equipment in the snow country, the state division of highways announced to the Capitol News Service at Sacramento.

At the Yuba Gap station a salt spreader and sander have been added to last year's equipment, while at Tahoe City, a light push plow and a salt spreader have been put into service. These have been added to last year's equipment, officials of the division said.

A complete list of the equipment available at five stations in the mid-Sierra area was furnished by the division today. It follows:

Truckee: One heavy push plow; three light push plows; one rotary plow, one motor grader; one front end loader; two sanders and one salt spreader.

Donner Summit: Three heavy push plows; two light push plows; three rotary plows; two motor graders; two sanders and one salt spreader.

Yuba Gap: Three heavy push plows; one light push plow; two rotary plows; one motor grader; one front end loader; three sanders; one salt spreader and one chain central mobile unit.

Tahoe City: Two heavy push plows; two light push plows; one rotary plow; one motor grader and one salt spreader.

Sierraville: one heavy push plow; one light push plow; one rotary plow and one sander.

PREVIEW OF ITALY OLYMPICS WILL BE ON FILMS DEC. 27

A preview of the 1956 Winter Olympics at Cortina D'Ampezzo, Itally, next Jan. 26 to Feb. 5, is a part of Warren Miller's new, full-length, color movie, "Invitation To Skiing" to be shown in Truckee at Tahoe-Truckee High School on Tuesday, December 27th.

"For the first time," says Miller, "we put you aboard a pair of skis and throw you down the Olympic slalom course at Cortina. You will see just exactly what the racers will see. This is done by holding the camera at the ski tips and shussing down most of the course the same way the Olympic racers will go, only in a snowplow position so that we would be going at a speed that would hit the prejumps and still hold the camera where it belongs and not wiggle too much. The times we have shown this sequence of Cortina, in the opinion of our audiences, it has been unbelievable," he said.

FAMILY POT LUCK SUPPER SATURDAY

Mrs. Darol McGihon is chairman for the family pot luck dinner to be given by the Truckee Elementary School Parents and Teachers Association on Saturday, December 10th to be held in the edifice.

The affair will begin at 6 o'clock and the proceeds will be used for the organization's project for the year. Adults will be served the dinner for $1.00, 75c charged for high school pupils and children's plates will be 50c.

There are 118 members of the group at the present time, according to Mrs. Ronald Ireland, membership chairman.

Dolley Called to Testify In South Murder Case

Constable N. F. Dolley has been called as a witness to attend the January 10 trial of Ralph Reno at Los Angeles.

Reno, 26, has pleaded innocent and innocent by reason of insanity to a charge he murdered his stepmother October 12th. in their Hollywood apartment.

He is accused of strangling Mrs. Stella Reno, 36, whose body was found in a culvert near Floriston. He is also accused of stabbing his father, Andrew Reno, 57, the same night.

ANNIVERSARIES

Birth dates observed during the past week included Mrs. Jack Ellis who observed her natal date on Saturday. Donald, son of Mr. and Mrs. M. E. Brown was a happy celebrant on December 4th.

Kary, son of Mr. and Mrs. Karl Kielhofer was given a party on Monday, December 5th.

Mrs. Russell York's December 2nd birthdate was observed with her family.

Observe Anniversary

TAHOE CITY— Charles and Euni Henrikson celebrated their wedding anniversary November 28th with a dinner in their Lakeview Subdivision home. Present were the Joe Pomins and the Al Henrys who celebrated their anniversaries November 29th.

Vehicle Accidents Result In Injury As Five Escape Crash

Three motor vehicle accidents during the weekend were reported by the California Highway Patrol.

Two people were injured and taken to the Tahoe Forest Hospital when a light car driven by Clarence E. Helms, 37, Sparks, Nevada, sideswiped a truck operated by Darrell Hieb, South San Francisco, seven miles west of Truckee Monday evening. No citation was issued. Patrolman William Gautsche said Helm was blinded by the snow and could not avoid the collision. Neither was injured seriously.

James C. Jackson, Dixon, and Robert S. Karp, Sacramento were both cited after a collision on Sunday afternoon on the Squaw Valley road. There were no injuries and Patrolman Carroll Maynard made the investigation.

Five young passengers in a car driven by Norman E. Taylor, 17, Reno, narrowly escaped serious injury or death Saturday at 1 a.m. when the vehicle skidded on ice 10 miles south of Truckee on Highway 89 and overturned on its top. The driver was cited by Patrolman Maynard for speeding, being on the wrong side of the road, not having his vehicle under control and being without an operator's license in his possession.

Taylor was accompanied by Ray Rose, Sparks; Edwin Mattson, Reno; Nancy Marquis, Reno, and Barbara Brown, Truckee.

Search Continues For Lost Airplane

Following the snow storms over the Sierra during the weekend, hope faded for finding two Oakland men who vanished in a light plane while returning to their homes after a trip to Reno last Thursday.

The two fliers, Robert Holsten and Emmett Wood were in a red Beachcraft Bonanza and took off from the Reno airport at 4:30 p.m. Thursday. The missing plane was not reported until Sunday.

Planes from the Hamilton AFB were hampered during the early days of the search by snow and poor visibility but yesterday redoubled their efforts to find some trace of the missing craft in three counties with the search being concentrated in the high Sierra between south Tahoe and the Feather River Canyon.

A report that fire had been seen burning in the vicinity of Quincy was investigated by the sheriff's office and it turned out to be two miners who were living in that district.

Local officers were alerted to report all incidents which might aid in the wide-spread search.

One-Time Truckee Call Boy Retires From S. P.

John B. "Spot" Nagle, 66, who started his railroading career at the age of 12 when he was a call boy in Truckee, has ended 54 years of service with the Southern Pacific and retired this week. He is living at Sacramento.

Membership Drive For PTA Sets New Record

The Truckee Elementary School P.T.A. wound up its annual membership drive with a record number of new members. The second grade was awarded the first place for having the most new members.

Mrs. R. M. Ireland, membership chairman, conducted the drive, assisted by Mrs. R. L. King.

Kings Beach Couple Welcome Baby Girl

Mr. and Mrs. Raymond Finnigan of Kings Beach became the parents of a daughter on December 4th at Tahoe Forest Hospital.

Marjorie Jeanette weighed a diminutive 5 pounds 14¾ ounces on arrival. Dr. Ben King was the attending physician.

TWO CELEBRATE SECOND—

Joyce Anne and her mother, Mrs. Reg Smart share the same birth date on December 2nd. The dual anniversary was celebrated by the family when gifts were the order of the date.

Blaze At Donner Destroys Cabins At Jay Richards

Second Fire In Few Years Causes Heavy Loss For Owners

For the second time within the past few years, Mr. and Mrs. Jay Richards have undergone heavy loss by fire.

Saturday night about midnight fire broke out in one of their motel units and before it was brought under control four furnished units had been destroyed and fire threatened the nearby Slate resort cabins.

Truckee Fire Department equipment, supplemented by the suppression equipment from the Forest Service and scores of volunteers were credited with keeping the blaze from spreading to nearby structures.

Fire Chief N. F. Dolley said that the cause of the fire was not immediately determined but was believed to have started from cloth ing which had been left over a floor heater to dry.

The Richards lost their commercial garage and furnished apartment above the garage in a fire a few years ago.

WILLIAM WRIGHT, FORMER D.A. DIES IN BAY DISTRICT

SAN MATEO— William E. Wright, 80, former district attorney of Nevada County for 12 years, died of a .22 caliber bullet wound through his mouth at his home here.

The police said he left no notes but had threatened suicide when discussing a heart ailment.

Wright is survived by his wife, Maude, and daughter, Mrs. Eugene McCulloch.

He succumbed Thursday.

O'Rourke Attends Meet Of Western Educators

Everett V. O'Rourke, Superintendent, Tahoe-Truckee Unified School District will join approximately 350 leading school administrators and educators at the Western Individual Conference on Secondary School Problems in the St. Francis Hotel, San Francisco, December 9th.

Prominent educators, school and country superintendents, and state supervisors of education and guidance from California, Oregon, Washington, Utah, Montana, Nevada, and Colorado, will attend the meeting and discuss specific problems in reading-improvement and curriculum planning.

FATHER OF TAHOE WOMAN EXPIRES

CARNELIAN BAY— Mr. and Mrs. Ray Fellows returned to Carnelian Bay this week from Mountain View where they attended funeral services for Sherman Chappell, father of Mrs. Fellows.

Chappell, a pharmacist, was well known in his home district. Mrs. Chappell, five children and grandchildren are survivors.

Dr. Kase Plans Office At Tahoe After Service

Dr. and Mrs. Sidney Kase, their three children and his mother, Mrs. Hyman Kase of New York, returned to San Francisco Tuesday after attending business here. Dr. Kase, who will be discharged from the navy in February indicated he would not return to Truckee to practice but may establish an office at Tahoe City.

They plan to sell their home, the former J. H. Bernard home, on the main street.

Soda Springs Couple Welcome Fifth Son

Mrs. C. Wiley Mercia of Soda Springs and the couple's fifth son are at their home, following the November 29 arrival of the child at Tahoe Forest Hospital.

The boy has been named Wess Steve and weighed 5 pounds and 11 ounces on arrival. Dr. Ben King was the attending physician.

SUNBEAMS

By WALTER M. BARRETT

The continued growth and orderly development of our region depends entirely upon the faith we have and the work we do to further our desires. We have met with reverses and disappointments in the past, largely because of our lack of unity in planning. It is easy to sit back and wish for the things which will have lasting benefits in our community, but in order to accomplish a purpose, coordinated effort and a strong desire are needed. We have also accomplished many things in the past few years— a new school, hospital and other highly beneficial public facilities, but we have a long way to go. Now programed is an airport. The need for this addition should be studied and if found desirable, a united front should be presented to make it a reality. We are not going to get an airport by wishing. It will take planning, hard work, considerable financing and this can be accomplished only if we are all willing to get behind the plan wholeheartedly and keep plugging constantly. This newspaper is not supporting an airport plan yet. We believe that every phase of the proposal must be explored, but that in itself is a big job and the sooner we get at it the sooner we will know whether or not the end will justify the means.

LEGION'S TURKEY SHOOT SET FOR COMING SUNDAY

American Legion Post No. 439 members decided at the Tuesday evening meeting to hold the turkey shoot December 11th at Crandall's Hill, weather permitting.

The sponsor group of the Boy Scouts discussed present problems and Nelson Stone, local Scout Master suggested that members could assist him in the capacity of a review committee. Three members, John Rablin, Bud Owens and William Waters volunteered to become members of the committee.

John Hecker accepted after being recommended for the position as assistant Scout Master by Earl Stice.

The Post has resumed activities concerning the Boy Scouts and plan to continue to give the worthy project a helping hand.

Lloyd Everett, commander, presided at the session.

"SKI SWAP" WILL FEATURE MEET OF TAHOE GROUP

Present, past and future skiiers from the entire district are being invited by the Squaw Valley-Lake Tahoe Ski Club to participate in the "Ski Swap Night festivities at the Community Hall, Tahoe City, Friday, December 9th at 8 p.m.

Sponsors of the plan point out that now is the time to clear out the attic, basement, garage and closets and bring all the out-grown, over-sized and under-sized skis, accessories and garments— anything that anyone may be able to use to "Ski Swap".

Items will be tagged with the asking prices.

Everyone is invited, even though they have nothing to swap. A good time is promised.

Don Germaines Parents Of Son At Hospital

This morning Mr. and Mrs. Don Germaine of Kings Beach welcomed a son at Tahoe Forest Hospital. Given names have not as yet been chosen for the lad who wieghed a husky 9 pounds, 4½ ounces at birth.

Dr. Ben King was in attendance.

ILL IN RENO—

Mrs. George Tiffee, teacher of the third grade in Truckee Elementary School was reported to be ill in a Reno hospital.

Mrs. Hugh Smith is substitute during Mrs. Tiffee's absence.

South Tahoe Will Meet Local Team Here This Friday

Wolverines Will Take On Loyalton Saturday In Heavy Sked

The Tahoe-Truckee Wolverines play host to the South Tahoe Vikings Friday night, and then travel to Loyalton to take on the Grizzlies Saturday. The junior varsity squads of the two schools will take on the Tahoe-Truckee Cubs in preliminary games each night, starting at 7:00 PM.

Coach Con Briner sent his varsity cagers through a full game scrimmage last Friday in preparation for the curtain-raiser on the 1955-56 basketball season. The Tahoe-Truckee varsity Whites, led by center Ken Vaughn, forwards Stan Rasmussen and Doug Wilson, and guards Floyd Cooper and Marty Prescott scored a close decision over the Reds in last Friday's scrum.

The game did, however, indicate that the Wolverines are much further along this season than in any previous year and are to be considered a serious threat both in conference and practice play. Jim Brehler's junior varsity squad, still numbering fifteen boys, is working hard to round into shape for the opening games.

Only six men with experience are listed on the roster, but the squad appears to be eager and hustling and should win their share of games during the season. Listed as probable starters against the Junior Vikings are forwards Cecil Craddock and Ken Osburn, center Doug Cooke or Berger Nelson, while at the guards will be Dean Holbrook and Wes Ball

A special feature of the Friday night affair at the local gym will be the intermission game between two eighth grade teams. These special games between teams from the seventh and eighth grades are to be regular events this year for all of the high school's home contests.

SPORTSMEN MEET FRIDAY TO TALK OVER NEW RULES

Immediately following the Olson-Robinson fight Friday evening, the Truckee Outdoor Sportsmen will meet at Capitol Hall for an important discussion on proposed amendments to the fish and game regulations.

Vice President Charles Osburn said a number of sportsmen have suggested minor changes effecting local conditions and it is the desire of the club to have these proposals transmitted in the form of resolutions to the fish and game commission which meets next month to decide the 1956 regulations.

One suggestion which has been offered is to permit fishing in some of the lakes, especially Donner, earlier than the regular season opening.

Gene Welch, the program chairman, will present a program following the business session.

Dee Dee Frates Feted At Birthday Party

Mrs. Edward Frates, assisted by Mrs. Henry Loehr was hostess in honor of the November 28th birth date of Dee Dee Frates.

Pink sugar rosettes and 11 candles topped the special cake, served during refreshment time. Games were played and gifts unwrapped by the young honoree. Sharing the occasion were Pamela Rose, Karen Smart, Terry Beck, Violette Doehm, Terry Ellis, Vickie Firpo, Patty Finnegan, April Lander, Frances McGwinn, Sandy Miller, Kathy O'Rourke, Rosalee, Bobby, Henry and Mary Frates.

ATHLETIC GROUP TO MEET THURSDAY

Dave Morey, president of the Truckee Athletic Club, has called a meeting for next Thursday, December 15th at 7:30 at the Truckee Elementary school for the purpose of organizing a basketball league and ski team.

Everyone interested, whether a member of the club or not, is invited to attend and participate in the meeting.

State Asks Study Of Airport Sites To Serve District

Two airports in the Lake Tahoe Truckee area to help handle spectators to the 1960 Winter Olympics at Squaw Valley, were urged Monday at a four-city conference on aviation at Oakland's Metropolitan Airport.

Clyde P. Barnett, newly-appointed State Director of Aeronautics, was authorized to make a study of the proposed airports by the California Aeronautics Commission which met in formal session as part of the conference.

West Stetson, Oakland, operator of an airplane service in the Lake Tahoe area, spoke on behalf of the airports, one of which would be near Truckee and the other at the south end of the lake.

H. W. Raver, traffic manager of Kaiser Services, revealed that Henry Kaiser had ha a survey made two years ago o the feasibility of establishing an airport in the lake area.

Raver agreed to turn the information over to the commission and indicated that Kaiser was still interested in participating in such a venture.

Rain Brings Local Precipitation Up

Clear, cool fall weather predominates in this area following a series of storms during the past two weeks.

While the 2.32 inches of precipitation recorded by the U. S. Forest Service here during the past week was principally in the form of rain, nine inches of new snow fell on Donner Summit to assure a good pack for the winter sport enthusiasts.

Thirteen inches of snow fell last weekend but the rain took it down to a bare three inches which remains on the ground at the forest service station.

The precipitation figure for the season is only slightly over normal.

The normal for December is 4.40 nches and the storm this week accounted for more than half that figure.

Temperatures have ranged from a low of 1 above zero on December 4th to 40 December 6th, the forest service reports.

Chinese Food Will Be Goodfellows Feature

Chinese food will again be a featured popular item at Goodfellow's Coffee Shop, beginning Saturday, December 10th.

Between the hours of 6 and 8 O'clock Tuesday and Saturday evenings the delicacies will be served during the coming winter months.

Chet Burns Are Parents Of New Baby Daughter

Lori Anne are the given names chosen for the little girl who ar rived at Tahoe Forest Hospital Tuesday night for Mr. and Mrs. Chet Burns.

Lori weighed a round 7 pounds, 4 ounces at birth. She is also welcomed into the family circle by two brothers, Scott and Jay.

Dr. L. D. Nelson was the attending physician.

Former Patient Praises Work Of Hospital Staff

Mrs. Rocco Pesce of Loyalton, who was released from the Tahoe Forest Hospital Sunday after undergoing treatment for injuries suffered in an automobile accident Thanksgiving, was high in her praise for the staff at the institution.

"The service is unsurpassed," Mrs. Pesce wrote, "The nurses and aides were kind and considerate and I want to send my praise for the wonderful hospital you have in Truckee."

RECEPTION SATURDAY—

Mr. and Mrs. Aaron Thomas will be complimented at a reception on Saturday in Capitol Hall. Mrs. James Thomas and Mrs. Imogene Moore, the hostesses, have invited friends of the newly weds to attend the affair.

First Plans Shown As Area Prepares For 1960 Games

Press Feted By Committee Advertising Olympic Contests

Initial plans for facilities at Squaw Valley on which the 1960 Winter Olympic Games will be staged were shown Saturday by Architect Adrian Malone who was retained by the Squaw Valley 1960 Olympic Organizing Committee two months ago to design the necessary structures.

While the plans call for all the structures to be installed on land controlled by the Squaw Valley Development Corporation, State Senator Harold T. Johnson emphasized to the group of newsmen and state dignataries from Nevada and California attending the meeting, that this is not necessarily the final plans.

It was pointed out that currently an independent survey, ordered by the California Olympic Commission, is under way to coordinate the two plans into one suitable for all concerned.

Rift Narrows

Rumors of a widening rift between various property owners, principally Alexander Cushing, who represents the Squaw Valley Development Corporation, and Wayne Poulsen, whose Squaw Valley Livestock Company controls most of the valley, was threatening the games, ended when both agreed at the meeting to present a united front at the Cortina, Italy, meeting in January.

To Show Plans

At the Cortina meeting, the organizing committee is expected to show definite plans, substantial financial support and other reasons why the games should be held here.

Another point emphasized at the meeting was the fact that at least three million dollars will be necessary to provide facilities. Currently one million dollars voted by the legislature are available and it is anticipated that the State of California will provide the additional requirements.

State Finance Director John M. Peirce told a reporter "The State has to see this thing through.

"We can't start a project like this and then leave it in the middle of the road."

Purchase Offer

Cushing told the assemblage that his corporation was prepared to turn all their facilities over to the state during the period of the games and that at the conclusion they were ready to purchase the facilities at 100 cents on the dollar.

Although there are still matters to be settled before the plan gets the final approval of the Olympic Commission, there seems to be a spirit of cooperation and optimism prevailing and final approval is virtually assured.

NEW PLATES WILL BE ISSUED LOCALLY

Glenn Freeman, clerk of the Motor Vehicles Department in Truckee announced that he will issue 1956 automobile license plates beginning January 3rd and continuing through the period ending at noon, Saturday, January 14.

The office will close at noon on Saturday, January 7 and all day Sunday, resuming the service on the 9th to the end of the designated time.

Local Couples Observe Wedding Anniversaries

Mr. and Mrs. Dave Rose celebrated their wedding date on December 7th while three couples, Mr. and Mrs. William Curran, Mr. and Mrs. Elwood Buehler, Mr. and Mrs. Frank Quilici had chosen December 6th for their weddings.

Pythian Sisters Will Nominate At Meeting

Mrs. Eugene Welch, M. E. C. of Summit Temple no. 79, Pythian Sisters Lodge will preside at the 8 o'clock meeting to-night in Odd Fellows Hall when the nomination and election of officers for the new year will be held.

All members are urged to attend the important session.

Benjamins Grandparents As Girl Arrives In South

Mr. and Mrs. August Benjamin have received the welcome news of the arrival on Thanksgiving Day at Torrance, California of a grand daughter, born to their son and daughter-in-law, Mr. and Mrs. K. C. Benjamin.

The little girl weighed in at 7 pounds, 7 ounces and has been named Lisa Renee.

The fond grandparents expect to make a trip south to see the family as soon as possible.

PATIENT IN HOSPITAL—

Mrs. Thelma Norris was a week end patient at Tahoe Forest Hospital where she had dental surgery.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— The state senate interim committee on government administration, which is headed by Senator George Miller, Jr., of Contra Costa County, has accomplished a major improvement in the government through its hearings on the subject of concessions at district and county fairs.

An order went out of the state department of finance recently, to all of the 58 district fairs, requiring them to submit all carnival contracts to competitive bidding, a move which apparently may break up the closed ring which has been furnishing the honky-tonk entertainment to fairs in many seitions of California.

NOTE- Our Predictions are 100% Correct to Date.
Bobo Olson will retain his Middleweight Crown by Unanimous Decision in 15 Rounds.

THINGS TO TALK ABOUT
BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia
A-B-C
A-B-C-D.
APPROXIMATELY 85 DISTINCT SOUNDS ARE REPRESENTED BY THE 26 LETTERS IN THE ALPHABET OF THE ENGLISH LANGUAGE.
The "mystery forces" responsible for pitting eyeglasses, house windows, and auto windshields during the past couple of years have never been sucessfully explained.
JONES TOWNSHIP SCHOOL
ALMOST ONE OUT OF EVERY THREE CHILDREN RODE TO SCHOOL IN BUSSES LAST YEAR.

Under the new order, the bids must be opened in a public place, at a specified time, and if the district does not give the contract to the highest bidder, a letter of explantation must be forwarded to Sacramento, together with a copy of the contract which has been awarded.

Bids must be called on one of four bases, first, a percapita payment to the fair on basis of attendance; second, a flat cash payment for the contract, third, a percentage of the gross revenue of the carnival, or fourth, a minimum fee or percentage of the gross revenue, whichever is greater.

Apparently, the department of finance will have more to say than in the past concerning the awarding of bids at the California State Fair and Exposition, which is operated by the California State Agricultural Society. It was the carnival contracts at the state fair which brought the matter to a head before the Miller committee. The department of finance has some control over the fair directors, in that it must approve contracts before they are valid.

Likewise, the department of finance has some control over the district and county fairs, in line with the allotment of state funds each year to these organization. The department is charged with making an annual audit of all the district and county fairs.

Neither the California State Fair and Exposition, nor but a few of the district and county fairs are self supporting, which is one of the things giving rise to some pointed questions concerning the disposition of funds by the state for these shows and expositions.

The California State Fair, in reality, is not much more than a glorified county fair, as the greater part of the attendance comes from Sacramento County. Yet the board of directors wants the taxpayers of the state to spend some $30 million dollars for a new state fair, to be located off the North Sacramento freeway. The site has been acquired, and at the last legislative session, the fair got $200,000 for further development and planning, but none so far for construction.

Most legislators are loath to hold the principle that the fairs should be self-supporting, particularly the state fair. The entire subject hinges on the basis of "you scratch my back and I'll scratch yours". In other words, there are 58 district and county fairs, so if any legislator determined that these should all be self-supporting, he probably would be accused of selling his own exposition "down the river", as it were.

It is interesting to note that when private shows can't attract enough people to pay expenses, they fold fast. Not so with the state, it just uses more of the taxpayers' money!

Appointment Of Aides Awaits State Action

SACRAMENTO —(CNS)— Governor Goodwin J. Knight announced he will not appoint a new state engineer and chief of the division of water resorces until the legislature has had a chance to consider possible establishment of a state department of water resources at its 1956 special session next March.

The governor said the position, which will be left vacant by retirement of State Engineer A. D. Edmonston Nov. 1, will be filled on a temporary basis until after the legislature meets.

NOTICE FOR PAYMENT OF COUNTY TAXES

The taxes on all personal property secured by real Property and one half of the taxes on all real property for the fiscal year beginning July 1, 1955 and ending June 30, 1956, will be due on November 1, 1955 and will be delinquent on the 12th day of December, 1955 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof. The remaining half of the taxes on all real property will be payable on and after the 1st day of February, 1956 and will become delinquent on the 10th day of April, 1956 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof, together with a further charge of $1.00 for each lot, piece or parcel of land seperately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the Treasure's and Tax Collector's Office, Nevada County Courthouse, Nevada City, California.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Dreaming

Had a line from The George Kellys who are presently in Sacramento. They once owned Kelly's cottages in Kings Beach and still come up during the summer. They started to build a nice home on Parkview Lane, Brockway, and now it seems they are just itching to get back and continue the construction; anyway they dream all the time of coming up to stay all the time. They have lately returned from a trip to Las Vegas where they met Mrs. Don Bowman of Kings Beach. Sol Kogan accompanied them to Las Vegas. Elain tells me there is one treat they look forward to, and that is to receive Sierra Sun weekends. Sure glad you like it folks.

Skating for Fun

Well, a fine skating rink is almost a reality. The Lake Tahoe Lions Club, led by Bob Vernon, manager of the Tahoe Biltmore, with the support of the members as a body, will run a Snowball at the above mentioned establishment on the evening of December 17th from 8 PM to midnight, to which everybody is welcome. There will be a buffet and dancing for young and old. Square dancers from Truckee, Reno, South Tahoe, and Kings Bach will be there. Movies will be shown for the kiddies. All this will be at a nominal fee and the fee will include a membership to the skating club. The rink will be at Tahoe Vista, just west of the De Gregorio home. The membership will include insurance, but those not members will skate at their own risk. The high school orchestra will be in attendance. Now folks don't forget the date. All proceeds will go toward the project. For further information call the Biltmore, or any member of the Lions club, the town's full of them. It's Saturday December 17th.

Sorrow

It was a great shock to Dave and and Marguerite Ashton and to all that knew her, to hear of the passing of Crystal MacMillan of Altadena. She passed away under tragic circumstances, having taken a large pill and chocking before being able to swallow it. The Mac Millians were frequent visitors of the Ashtons. She was of a very sweet disposition and just loved the mountains. Dave attended the Pasadena High School with her in the late twenties.

Hunters

You can't beat these young hunters. Young Davey Ashton and Marty Prescott drove down to Grass Valley last Friday night, got themselves two or three quail and returned the next day. Davey says there was an abundance of quail as the rain had made them move around, but they were too fast to catch up with.

Way Up

Little do we realize as we drive over the Truckee short cut that it is a few feet higher than Donner Summit. So we do pretty good driving over the hump all winter long.

Coming Home

Had a nice card from Kenny Riley. He has been stationed in Germany for almost a year with the armed forces and he has just been on leave and had a wonderful trip in England, Scotland and Ireland. Kenny expects to be back home at the beginning of the new year and says he intends to be up at Tahoe all of the summer at least next year. His home is in Pasadnea, but has spent a lot of time at Kings Beach.

Back

I see Lee Madden is back with Walt Bailey at the Tahoe Vista Garage. Seems like old times to see him there again. He was with Walt for quite a while.

Zero

Oh, yes, while on the garage business Verl (Zero) Draney is at the Stevenson's Chevron station helping out, while Steve is back managing same.

On Trip

Flo, Harvey and Harvey Jr. Klitzkes of Kings Beach left last Tuesday for Southern California. They will visit both their mothers and fathers and will visit North Hollywood, Palm Springs, and as many other places that they find time for. The expect to be back next Monday.

Women's Party

Kay Felte tells us that the annual Christmas party of the North Tahoe Women's Club will be held at the Tahoe Biltmore, Crystal Bay, on December 12th at 7:30. Cocktails and dinner will be served at 8 PM There will be an exchange of gifts, which is always fun. Come you all and bring a friend, but be sure to make reservations by Friday, December 9th.

Birthday

Well, even Fred Baker has birthdays. According to Byron Abbott a very delightful and hilarious party was held to celebrate Fred's birthday last Saturday at the Baker home. I am also told he has a birthday annually, and celebrates it, too. Happy days, Fred.

Coming Back

I hear that Joby Lewis will return to Crystal Bay on Friday, so next week we should have a report of his, or rather their, wonderful trip.

Broken Bones

Just as if our friend Earl Nelson hasn't had enough troubles all summer with a bad back, and was just getting along fine, when he has to fall off a ladder and break a couple of bones in his right foot. Too bad Earl, hurry and get back on that ole foot.

Changed Winter Quarters

For the past few years John Mason and Mrs. Dixon have been going to Desert Springs, and now I get a card saying they are now in Santa Barbara and just enjoying it swell, but they will be back in the spring.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

November 29th, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Olympic Canyon, Tahoe City, Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale Beer

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

Tahoe-Truckee School District News

KING'S BEACH SCHOOL

Kindergarten and First Grades: The kindergarten and first grade collected $2.40 for the Junior Red Cross.

First graders wrote a letter to Minnie Wagner, our cook. Mrs. Wagner has been ill for some time and we hope to see her back soon.

Pam Rogers, Janice Wing, and Ann Felte brought books to share with all the children. Martha DeGregorio brought some interesting rocks she found on the beach.

Second and Third Grades: Our class is working on a Junior Red Cross project. We are making Christmas trees out of tin cans. After these are oil painted, glitter and ornaments added, we plan to present them to the Tahoe Forest Hospital.

We have completed writing our Christmas play, "What Christmas Means to Me." we will present our play to the King's Beach P.T.A. December 15th at 7:30 PM.

Penny Cassidy brought cedar boughs to our room.

The snow man on Mrs. Wing's desk was donated to our class by Mrs. Dorothy Forbes of Piedmont.

Estelle Howell donated three books to our library.

Since Minnie Wagner, our school cook has been ill, we sent her a get-well card. We also sent her a gift. We hope she is well soon and returns to her kitchen duties.

Dixie Lee Reese moved to Las Vegas for the winter.

Fourth, Fifth and Sixth Grades: More information was received this week from some of the major companies operationg in California. This information was in the form of movies and pamphlets.

Wednesday, as usual, the Cub Scouts and the Girl Scouts held meetings at their respective meeting places.

Thursday and Friday were spent in making new achievement tests.

Through the week the members of the class were busy making tile mosaics of their Christmas Art.

The class will be sending their cartoon scrapbooks to the hospitals during the next week.

TAHOE LAKE SCHOOL

Kindergarten and First Grade: The other half of the first grade moved into the kindergarten-first grade room this week. Now all 30 Tahoe Lake kindergarteners and first graders are working together in "The Sunny Room."

Second, Third and Fourth Grades:: The second, third and fourth prepared a Christmas border for their room in a sequence of dressy snowmen and Christmas balsams. Rehearsals started for the Christmas program on Wednesday.

Fifth and Sixth Grades: This week we started practicing our Christmas play.

Today we had a spelling test and the names of the people who got a hundred are Jean Heggie, Fred Heggie, Vic Sartor, Betty Proctor, Jeanne Spitsen, Joe Sheehan, Sharon Quinn, Ronnie Faughn, Nell Ellis, Vicky Rich, Jerie Grinstead, Mike Wright, Joan Sevenair, Suzanne Sprague, Erica McLane, Lynda Moe, Joe Hoxsie, Kim Turner, Gloria Drum and Carolee Campbell.

TRUCKEE ELEMENTARY

Kindergarten: Our chief interest at present is Christmas decorating. Susan Schuler, Henry Frates, Victor Moore, Ken Bretthauer and Wilbur Glenn pinned stars and Christmas bells on our bulletin boards at the end of this week.

First Grade: The first grade is planning to make and sell candy next week to earn money to buy toys for our room.

John and Charles Collier, Nickey Kenyon, Eddie Steele, Darlyn Ingalls, Sharon Peterson and Cathy Braley have just completed a book in reading.

Second Grade: In science we have been talking about some of the constellations which may be seen in the sky.

Doug Nelson, Kevin Larrivee, Jackie Finnegan and Jimmy Clark made pictures of Orion, the mighty hunter; John Besio, Dennis Richards and Dawn Maynard of Ursa Major, the big bear; Alexander Cushing, Joan Costa and Larry Digesti of the big dipper; Karen Walker, Fosten Wilson and Charles Hintz of the little dipper.

Third Grade: We are sure to wash our hands before lunch. We also wear boots, mittens and warm coats on snowy days.

Fourth Grade: In comparing temperature in the mountains to that of the desert, we learned much about the thermometer.

Fifth Grade: We have been studying about science and health.

In science we learned how the Egyptians made mummies out of the dead.

We learned about the many uses of the magnet. Shirley Patton brought a magnet to school and we experimented with it.

Sixth Grade: The class has been working on dental education booklets to demonstrate the correct care of and foods for healthy teeth and gums. Some fine material was submitted by Patty Finnegan, Pat Freeman, Francie McGwinn, Terry Ellis and Kathleen York.

Vickie Firpo and her committee demonstrated the relationship between prevailing ocean currents and seasonal weather which determine the climate of an area.

Our class officers for December are Francie McGwinnn, president; Charles Glenn, Vice president; Jimmy Osburn, treasurer; and Barry Leamon, secretary.

DONNER TRAIL

This week both the upper and lower groups of children are busy working on the plans for the Christmas program. This program will be held at Donner Trail Schoolhouse on December 15th, 1955 at 7:30 PM.

Our kindergarten group has a new member. Her name is Lynn Aro. The first and second grade children are learning how to count to 100, and also how to write the numbers more quickly, clearly, and precisely. The second grade students are working with their 81 subtraction facts.

National parks and monuments are located in 39 of the 48 states and in four possessions of the United States.

Many Skiing Events Are Scheduled For District

Skiing events scheduled for the future in this district add up to a lot of interest for enthusiasts and include a giant slalom for Open A, B, and C racers, Nov. 27. February 4 a high school meet will be held, in slalom only, both at Squaw Valley.

While the March schedule is not complete as yet, April finds the National downhill, slalom and giant slalom championships set for Squaw Valley on April 6, 7 and 8.

On January 15 giant slalom will be run by A, B, and C classes.

Wayne Poulsen has completed his Poma ski lift at Cisco, home grounds for the Auburn Ski Club on Highway 40. Wayne says all is in readiness for the skiers at Cisco including improved warming hut, cafeteria and parking facilities.

We announce the closing of the

TRUCKEE PUBLIC UTILITY DISTRICT

A Tax-Saving, Public Service Enterprise

Gas Mileage goes up AGAIN

And so does the thrill – with Buick's new Variable Pitch Dynaflow!*

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepowers, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifolding, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflow.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil *add to its own velocity to build up driving force.*

So now, you merely nudge the pedal to *part* throttle and get new breakaway getaway. And since you get this quicker, safer response in your normal *cruising* range—where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflow is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

It's the '56 Buick—

Best Buick yet

Is there someone special on your Christmas list?

MAYBE it's a favorite grandson or niece. A godchild. Or your own new baby.

This Christmas give him something special — something that will increase in value and reflect your love and thoughtfulness for many years to come. Give him an interest-earning U. S. Series E Savings Bond.

Savings Bonds are easy to give. Just stop in at the Bank and ask one of the tellers for a Bond in the denomination you choose. Your shopping will take only minutes. Your Bonds will come in special gift envelopes.

And here's an idea. If you have employees, remember that bonds make wonderful bonus gifts. The sale of U. S. Savings Bonds is just one of the many banking services we have to better serve our customers, our community and our country.

Come in and see us today.

Give the Gift of Security — with U. S. Savings Bonds

Use Santa Claus, Don't Abuse Him

By John J. Kane, University of Notre Dame

SANTA CLAUS can be a real danger. True, he is a symbol of the joy and happiness of the holiday season. But we can become "fixed" at the Santa Claus level and never get to the higher meaning of Christmas: the birth of Christ.

No child can entirely appreciate what the Nativity means. So we tie up the joys of Christmas with ordinary pleasant events such as giving presents and the like. The young child first learns that Christmas is a joyous season. He understands the real reason why when he moves from Santa Claus to the mystery of Bethlehem.

BUT THE CHILD, and grown-ups too, can forget to associate Santa Claus and the joys of Christmas with the birth of our Saviour—the real cause of Christmas joy. Instead the tendency is to disassociate Christ from Christmas.

In some communities every year, objections are raised to Nativity plays in public schools. The symbol of Christmas, the Infant Jesus, is obscured by scotty dogs and blizzards that would terrify viewers if they were not on cards. "Oh, Come All Ye Faithful" gives way to "I Saw Mama Kissing Santa Claus."

NOW SANTA CLAUS, mistletoe, holly, even scotty dogs and inane songs, have their place in Christmas, if they would stay in it. They should add to, not supplant the theme of Christmas: the birth of Christ.

Protesting against Santa Claus won't bring Christ to Christmas. But through Santa Claus we can get to the real meaning of the holiday. My own child told me how to do it.

ONE CHRISTMAS EVE we were putting the manger under the tree. My little girl was "helping," talking to the statue of Mary and the Infant Jesus. Suddenly she blurted out, "Daddy, did the Infant Jesus hang up a stocking and did He get toys?"

At first this seemed like blasphemy, linking Santa Claus with the Infant. Now I regard it as almost genius. I told her that without Christ, the Infant Jesus, there would have been no Christmas, and without Christmas there would be no Santa Claus. It wasn't a very good explanation, but my little girl's last words as she fell asleep were, "Jesus, He came first didn't He, Daddy?"

OF COURSE it isn't always as easy as this and we don't often get our children's help in such matters. But we do have a challenge: to take the customs that surround Christmas in America and make them add to, not detract from, the Nativity. Jesus does come first; all other Christmas observances should take us to Him.

† Paulist Feature Service, Washington 17, D. C.

Governor Knight Will Head March Of Dimes

Governor Goodwin J. Knight today announced that he has accepte dState Chairmanship for the 1956 March of Dimes campaign in California. The Governor served in a similar capacity for both the 1954 and 1955 campaigns. In accepting the appointment, Governor Knight issued the following statement:

"I consider it an honor to help in a campaign whch has done so much right here in California, as well as throughout the nation.

"During the past year, approximately 414,000 young Californians in the first and second grades received at least one shot of Salk polio vaccine which was developed and distributed through the March of Dimes program. The State Department of Public Health informs me that the incidence of Polio among those vaccinated has decreased 50 per cent.

"It should be noted that the people of the United States, through the March of dimes, invested $25,000,000 in the development of this vaccine and their contributions paid for the innoculations given last year to first and second grade pupils.

"Equally important as the development of the hope-giving Salk vaccine is the fact that the National Foundation for Infantile Paralysis is currently providing care for nearly 70,000 patients for whom the vaccine came too late. It is imparative that this medical aid and rehabilitation care be continued and expanded.

"I feel it is important that all Californians should know that 85 per cent of every dollar contributed to the March of Dimes in our state last year was used right here where it was collected. I urge my fellow citizens to become acquainted with the various aspects of the patient treatment and polio prevention work of the March of Dimes and to again contribute generously to its support."

RESORTS PREPARE FOR WINTER GAMES

SODA SPRINGS— The ski season is going into its second weekend with a foot of new powder snow on top of the old pack and enough chair lifts and rope tows running to satisfy all comers.

The survey:

Soda Springs—Chair lift and rope tows running, skiing good.

Squaw Valley—Chair lift, tows running; skiing excellent in upper bowls, good on main face and fair elsewhere.

Granlibakken (Tahoe City)—Good skiing on rope tow hills.

Sugar Bowl—More snow than most but the chair lift may not operate because the access tramway, the magic carpet, is being worked over.

Ruling Is Issued On County Responsibility For Needy Citizens

SACRAMENTO —(CNS)— The county in which a needy person is establishing permanent residence must pay costs of medical and hospital of that person during the year required to establish residence.

This was the ruling handed down today by Attorney General Edmund G. Brown.

In the case of a needy person residing temporarily in a county furnishing hospitalization, the county in which the individual maintains permanent residence must pay hospital costs, Brown held.

The opinion was requested by District Attorney N. J. Menard of Santa Clara county.

Banks Assumes Duties As State Engineer As Changes Are Revealed

SACRAMENTO — (CNS) Frank B. Durkee, state director of public works, announced that Harvey O. Banks, assistant state engineer, has assumed the duties of State Engineer A. D. Edmonston, whose retirement became effective on November 1st.

Durkee also announced assign ment of duties performed by G. H. Jones and T. B. Waddell, assistant state engineers, to Walter G. Schul- and William L. Berry, effective the same date.

Jones and Waddell also retired.

Schulz, a principal hydrolic engineer, will have charge of flood control projects and safety of dams.

Berry, also aprincipal hydrolic engineer with the department, will have charge of statewide water investigations.

In assuming duties as state engineer, Banks will act as chief of the devision of water resources.

Durkee emphasized the assignments of duties to the three staff members do not constitute appointments to the positions. The three will continue to fulfill their present duties, he said.

Durkee said the position of state engineer will not be filled pending consideration of possible legislation setting up a new state department of water resources at a special session of the legislature next March.

Increase In Deaths On Highways Is Recorded

SACRAMENTO —(CNS)— The California highway patrol today reported that traffic accidents on the state's rural highways claimed 1,656 lives during the first nine months of this year, an increase of 10.84% over the same period last year.

The number of fatalities in the Roseville-Truckee patrol area totaled 19, an increase of 3 over the corresponding period a year ago.

Injuries recorded in the area totaled 485, up 70 from last year. The number of traffic accidents reported reached 270 from January through September, compared with 257 a year earlier.

Statewide, the number of injuries totaled 2,618, up 11.07%. The number of accidents hit 1,649, an increase of 117 over the first nine months of 1954.

The director announced civil service examinations for the position of assistant state engineer will be held in November.

ZORICH TO START SKI SCHOOL FOR DONNER SKI RANCH

SODA SPRINGS— Bud Zorich, veteran ski instructor and operator of the Zorich Ski Shops at Soda Springs and Donner Ski Ranch, announces he is preparing to open a skiing school at the latter establishment in the near future and has named Edi Aro as assistant director.

Aro is a certified instructor formerly with the Yosemite Ski School. The head ski instructor will be John Johanson of Soda Springs a veteran with 35 years of experience. Also on the staff will be Jim Winters of Sacramento, who has operated a "dry ski" there and Bod McNee of San Francisco.

There will be eight certified instructors available under the leadership of Zorich, who gained much of his experience while with the 10th Mountain Division for four years during the war. He is a former director of the Soda Springs Ski School.

Mr. and Mrs. Ralph Edwards

KUCHEL PROTESTS NEWS PRINT RAISE

United States Senator Thomas H. Kuchel has protested recent notices of price increases for newsprint with a warning that when an American newspaper is forced out of business by rising costs of paper "a basic American freedom---the freedom of information---is placed under attack."

Kuchel, in a letter to the Senate Interstate and Foreign Commerce Committee sent through his washington office, said the latest price boost by Canadian newsprint manufacturers will add several more million dollars a year to American newspaper production costs. Increases in the last decade already have added a total of$450,-000,000 to the publishing bill of the American industry, he noted.

"I am fearful that the cost of newsprint is approaching the point where it will be unbearable," Kuchel said.

He commended the Committee for "losing no time in ascertaining the facts".

"Free government has flourished in this land of ours because it is a nation of free citizens, with full access to the news. We must keep it that way," Kuchel wrote.

The California Senator revealed he als is asking several Federal agencies, including the Departments of Justice and State, for their suggestions in dealing with the situation.

Mr. and Mrs. Nace Firpo and Mr. and Mrs. Charles Osburn were in Reno Sunday attending a showing of White Stag winter wear for selection of newest items for Cabona's Store.

Attention Called To Car Light Violation By CHP

SACRAMENTO— The California Highway Patrol reports that many motorists are still using parking lights as driving lights.

"The law prohibits the use of parking lights as driving lights at times when headlights or foglights are required," declared Patrol Commissioner B. R. Caldwell. "This law was necessary to correct an obviously dangerous practice.

Parking lights when used as running lights have a tendency to deceive other drivers by creating illusions of distance and speed of oncoming vehicles," Caldwell said.

"We urge every driver to develop the habit of lighting the headlights, not the parking lights, when first turning on car lights at dusk or whenever impaired visibility requires lights. This will help other drivers and pedestrians see your vehicle better and will provide more safety at times when our traffic accident rate is highest."

Costs For Producing Trout Shows Decline

District costs of producing and planting trout from California's 17 trout hatcheries dropped from $1.07 per pound in 1953-54 to 89 cents per pound in 1954-55, the Department of Fish and Game reported.

A breakdown of the statewide average of 0.89 per pound shows that 26 cents went for food, 41 cents for labor, and 22 cents per pound for miscellaneous costs.

Direct cost of each catchable trout was 12 cents, as compared to 16 cents the previous fiscal year.

Visits Auxiliary

Virginia Gionatti

AUXILIAR OF V.F.W. HONORS OFFICIAL INVITES MEMBERS

KINGS BEACH— Mrs. Virginia Gionatti, department president, was guest of the ladies of the Auxiliary of the V. F. W., Post 7077, Crystal Bay on November 14th.

Movies of the national encampment held in Boston were shown as well as those of the national home at Eaton Rapids, Michigan.

The purpose and work of the auxiliary was explained to the members attending the meeting. Weather permitting Mrs. Gionatti hopes to be instituting officer in January to install the new members.

The next meeting will be held December 14 and anyone interested in joining is cordially invited to attend. Regular meetings are held the 2nd and 4th Wednesday each month at 8 p.m. Ethel Antonson, the president, can be contacted for particulars.

Nursery provided for children unde kindergarten age while parents attend church services.

Summary of the Proceedings of The Board of Supervisors

December 1st, 1955

The regular monthly meeting of the Board convened at 10:00 o'clock A.M. The meeting was called to order by Chairman John L. Frank, and on roll call, Supervisors J. C. Coughlan and Henry G. Loehr were noted absent.

The minutes of the meeting of November 16 were read by the Clerk. No exceptions or omissions being noted, the minutes were ordered adopted as read.

It was ordered that a summary of proceedings of the meetings of this Board for December be published in THE SIERRA SUN.

The Board carefully examined the monthly bills presented by the Auditor's Office and the following were ordered paid from the:

GENERAL FUND - Warrants Nos. 8368 to 9746 $121,862.03.

Veterans BUILDINGS FUND - Warrants Nos. 73 to 89 $1,274.93.

SPECIAL ROAD IMPROVEMENT FUND - Warrants Nos. 575 to 698 $24,401.91.

The Alta-Ridge Zoning Ordinance was adopted, Numbered 204, and ordered published in The Union.

The amendment to the Salary Ordinance of the County Hospital was adopted, Numbered 205, and ordered published in The Nevada City-Grass Valley Nugget.

The Ordinance providing for the application of the provisions of the Business and Professions Code regarding the County Law Library was adopted, Numbered 206, and ordered published in The Sierra Sun.

The Clerk was directed to mail a letter to all department heads requesting that any and all claims presented for mileage be more carefully and completely itemized as it was noted that some claims were not clear. Also, it was noted that some department heads, driving county cars, are not purchasing gasoline from the Boulder Street equipment yard, and the Clerk was directed to call this requirement to their attention.

The Superintendant of the County Hospital was granted permission to attend a meeting in San Francisco on December 6th, 1955, concerning malpractice insurance.

Four deeds were accepted for recordation in connection with the Brunswick road project. Also two deeds from C.A. and Jessie Tollefson for property in Truckee.

It was ordered that the mid-month meeting of the Board will be held on December 15th.

A letter was read to the Board from the Constable of Truckee Judicial Township wherein Mr. Dolley stated his position with relation to the request of the people of Truckee for a second deputy sheriff in that area. The Board took exception to a statement in Mr. Dolley's letter that "the duties prescribed by law for a Constable do not include law inforcement activities", and the Clerk was directed to call Mr. Dolley's attention to Section 817 of the Penal Code of California.

An agreement between the County and the residents of Gold Drive in Oaks Subdivision, accompanied by a check for $100.00 for work on a non-county road was executed.

The Board adopted a resolution ratifying the Articles of Association of Mountain Counties Water Resources Association, and appointed Chairman John L. Frank as a Director from Nevada County.

A minute order was directed to the Building Custodian to have an electric light fixture installed over the Clerk's office counter.

A V-Snow Plow belonging to the Road Department was declared surplus and ordered sold by the Purchasing Agent.

The Purchasing Agent was authorized to accept the bid of Pacific Corrugated Culvert Company for $3249.75 for supplying culvert pipe to the Road Department.

The Board accepted the November report of the Welfare Director and ordered the same filed.

The meeting adjourned at 3:55 P.M. until Thursday, December 15, at 10:00 o'clock A.M.

GIRL SCOUT TROOP ORGANIZED AT LAKE

KINGS BEACH— The Brownie Troop of the Girl Scouts of America has been organized in Kings Beach. The home Troop Committee are: Kay Felte, Chairman, Icey Laborde, treas.; Peggy Powell, sec., and Alma Bervid.

Investiture will be December 9th at 8 o'clock at the Kings Beach Elementary School. Presiding will be Troop Leader Leona Graton, and assistants Margaret Howell, porcupine group, Bernice Franklin, Chipmonk group, and Theo Bonney, Fawn Group. Girls to be invested are Amy Arndt, Loretta Barnett, Beverly Bergman, Linda Bonney, Penny Cassidy, Carol Franklin, Susan Graton, Estelle Howell, Elizabeth Omlor, Pamela Powell, and Vicki Russell.

Lita Laborde and Nancy Bervid who are already Brownies will introduce the new girls.

The Kings Beach Women's Club is the sponsoring group and will furnish the 1st pins.

Record Order For New Cars Placed By S. P.

Southern Pacific Company is placing a record order for 10,700 more freight cors, estimated to cost $90 million, D. J. Russell, president, announced.

He emphasized the new order, largest ever placed by the SP, brings the total number of freight cars acquired or on order by the railroad in 1955 alone to 14,725, at an estimated cost of $124 million.

"This action is based on our confidence in the continued spectacular growth of the Golden Empire we serve," Russell declared. "It is part of our continuing plan to match industry and agriculture stride for stride."

FILMS SHOWN AT LAKE ROTARY MEET

KINGS BEACH— In the absence of president Bill Randall, the regular meeting of the Brockway Rotary Club on Monday night, was presided over by Vice-president Pappy Brooks. The response to the calling for the introduction of visiting Rotarians and guests; Bob Tonini of the Tahoe City club presented himself and Fred Baker introduced Carl Brooks as his guest.

The meeting was later turned over to Hank Dodd, program chairman, who presented a most interesting film on "Hunting for Elk, Caribou and Bear in Alaska."

SURPRISE SHOWER FOR MRS. SPRINGER

KINGS BEACH— A surprise baby shower was given Mrs. Mae Springer at the Social Meeting for the Ladies Auxiliary of the V. F. W. No. 7077 Crystal Bay at the home of Mrs. Virginia Kornazewich.

Many lovely gifts were received by Mrs. Springer. The evening was enjoyed by all who attended. Hostess for the party was Mrs. Virginia Kornazewich and guests were Mrs. Jeanette Cinani, Mrs. June Mandeville, Mrs. Betty Powell, Mrs. Dianne Finnigan, Mrs. Peggy Powell, Mrs. Vera Wood, Mrs. Bernita Jones, and Mrs. Pearl Moore.

Copra meal is a popular standard feed for all classes of livestock in California.

WEAPONS CHECK—Sergeant John Humphries, Savannah, Ga., a soldier from the 77th Special Forces Group (Airborne) of Fort Bragg, N.C., now on maneuvers at Fort Carson, Colo., searches a captured "enemy" prisoner. Special Forces soldiers are being trained for behind-the-lines operations. They are hand-picked men of many skills who can live and fight on any terrain.

FIGURES REVEAL POPULATION LOSS IN NEVADA COUNTY

SACRAMENTO —(CNS)— Revised population figures for the state of California, based on estimates made by the state department of finance, today indicated that the state has 13,035,000 living within its borders, a gain of 23.1% over the population as of April 1st, 1950.

The department estimated the population by counties, showing a decrease in Nevada county of 1,388 people, to bring the total population of the county to 18,500. This is a decrease of 7%.

Eight California counties showed estimated populations this year that are less than the 1950 census counts. They are Amador, Calaveras, Lake, Lassen, Mariposa, Nevada, Plumas and Tulare.

Seven counties grew more than 100,000 in population since 1950, the report shows. The are Los Angeles, San Diego, Santa Clara, Orange, Alameda, San Mateo and Sacramento.

The report is used by the department of finance to compute needs of the state insofar as the budget is concerned, to determine areas where needs are greatest, and for many other purposes.

Rhyolite is not as common in California as are some of the other volcanic rocks.

ORDINANCE NO. 206

AN ORDINANCE PROVIDING FOR THE APPLICATION OF THE PROVISIONS OF CHAPTER 5 OF DIVISION 3 OF THE BUSINESS AND PROFESSIONS CODE OF THE STATE OF CALIFORNIA, REGARDING LAW LIBRARIES TO THE COUNTY OF NEVADA.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. That all of the provisions of Chapter 5 of Division 3 of the Business and Professions Code of the State of California, regarding law libraries, shall be, and the same are, hereby made applicable to the County of Nevada.

Section 2. That all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 3. This ordinance shall take effect and be in force at the expiration of 30 days from and after its passage, and, before the expiration of 15 days, the same shall be published once with the names of the members voting for and against the same in the Sierra Sun and Truckee Republican, a newspaper of general circulation, published in the County of Nevada.

ADOPTED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, on the 1st day of December, 1955.

AYES: Supervisors Clark, Frank, Robinson.

NOES: None

ABSENT: Supervisors Coughlan, Loehr

JOHN L. FRANK
Chairman of the Board of Supervisors.

ATTEST: R. E. DEEBLE
Clerk of the Board of Supervisors

The College of Letters and Science was established on the Davis campus of the College of Agriculture, University of California, in 1951.

Estimated average annual runoff of water from national forest lands in California is estimated at 34,000,000 acre feet.

Fellows Training For U. S. Olympic Ski Team

Lewis Fellows, Carnelian Bay, and Ken Lloyd of Mommath Mountain are among the 20 young skiers from around the nation to undergo intensive training this winter at Colorado's rugged Aspen slopes. The Alpine training camp often leads to Olympic team selection.

According to Dick Movitz, chairman of NSA's selection committee, the 20 candidates included 12 men and eight women. Jackie Davenport and Ann Roberts, both of Los Angeles, made the distaff group.

Former Olympic skier Dave Lawrence will coach the men's team and Gale Spence, Aspen, will train the feminine riders.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Nice Weekends

We can be thankful for one thing about Tahoe weather anyway. It always clears up for Sunday, no matter how bad the rest of the week has been. In fact from Saturday morning through the weekend it was very nice, making up for the storm which came on with a cold blustering wind on last Wednesday evening. Snow fell steadily through Wednesday night and all day Thursday. Through Friday and Friday night intermittant fluries continued to stack up the inches until Saturday. By that time weather observor Art Frodenberg had measured for the entire storm 14 inches snowfall, which registered .83 in. precipitation. Frodenberg said the coldest temperatures for the week came Friday night when his thermometer registered 16 above. He said the rise in the lake's level this week was only a fraction over what the level has measured for some time past, and was scarcely enough to register.

Clean-up Job

Throughout the fair-weather part of the past several days a clean-up job has been going on along the lakeshore on the Tahoe City commons where the lake waters have lower so much through the past comparatively dry year. The receeding waters had left piles of moss-grown rocks, muddy sticks and other unsightly debris showing for more than 100 feet out from the former water line. Harold Farr, custodian of the commons in the employ of the county, is overseeing the clean-up job. The Henrikson brothers, sand and gravel truckers are donating their time and trucks and one driver for hauling away the debris; also they furnish a power loader for dredging the heavy material out of the muddy lake bottom. The Henriksons have also offered to donate sand to cover the commons beaches, which they will haul and deposit whenever the weather will permit much work. Several other Tahoe citizens have offered for hauling out the water-logged foundations of long gone buildings and rotted pilings from old piers that have stood in the water's edge since 1880.

Some of the timbers from the ancient Cedar Log Saloon, which through the early ninteen hundreds was used as a womens club house, have now been exposed by the receeding water, and also part of the foundations of the Tahoe Merchantile, which burned along with the Cedar Log in the disastrous fire of late 1937. All these water-logged remains are now being removed in preparation for making a clean beach and picnic commons for Tahoe City next summer.

It has been suggested that Placer County may contribute a considerable sum of money to the cause, and it is already practically certain that several local groups and organizations will help to finance the beautification of the town commons and shoreline. The Community Center is said to have tentatively promised financial aid toward the project, and the Tahoe City Rotary Club, it is thought, can be depended upon to buy gas and oil for the trucks being used in the work.

The Henrikson brothers, Charles and Oliver, are to be highly commended for the generous aid they are giving in time, work and expense.

Return Home

Mr. and Mrs. A. A. Snyder of Lake Forest, who had been out on vacation during the entire past month, returned home last Thursday in the most uncomfortable state of our latest snow storm. The Snyders said the Donner summit road was slick and sloppy travel, and chains were necessary. They had spent almost five weeks touring the state of Oregon, where they enjoyed generally fair weather. They visited friends in the cities of Roseburg, Yreka and Taft, and spent the Thanksgiving holidays at the home of Dr. and Mrs. George Knott, in the town of Independence Oregon.

Women's Club

The Women's Club of Tahoe held a combined business meeting and pre-Christmas party last Thursday at Bacchi's Inn at Lake Forest. A delightful mid-day dinner was served to 32 members, prepared by the hostess, Mrs. Sarah Bacchi Hunter. Following the meal, President Doris Clarke presided over a short business session. Later there was the annual Christmas gift exchange between the members. It was announced at this time that the club will hold a special Christmas tea some time between now and December 16th, the exact date to be set later. Mrs. R. M. Beckman was appointed chairman on a committee to attend to preparations for the tea party.

Tree Harvest

The Christmas tree harvest in this region was completed during the past week, and the last loads were trucked out to their destinations on the week end. Truckers report that snow conditions among the forests have made the last week's hauling very difficult. C. S. Beavers of Tahoe City took out his last loads in the fore part of the week, and John Bunting of Tahoe Pines, who has been hauling trees all the way to Southern California nished up on the week-end.

World Trip

Mrs. Marie Henry receeived on Saturday the first message from her daughter and husband, Pat and Malcolm Fox, on the first lap of their world-wide vacation tour. They wrote from New York that they were staying over one day in that city, and were sailing for London, England on December 1st., on board the Motor Vessel Britanica, which is said to be the largest ship of its type now in operation.

To Arizona

Another Tahoe City resident has left the winter months with Mrs. Rose Boyiarides leaving for Castle Hot Springs, Arizona.

SUCCESSFUL RAID—Private First Class John L. Shrewsbury, Minneapolis, Minn., soldier with the 77th Special Forces Group (Airborne), now on maneuvers along the Continental Divide, steals his supper from an "enemy" chicken pen. Soldiers in these units, men trained to direct guerrilla activities behind enemy lines, learn to survive by their wits, can butcher fowl, steer—even snakes—and are adept at thievery if necessary. Special Forces soldiers, stationed at Fort Bragg, N.C., are hand-picked for their jobs.

CHRISTMAS PARTY AT TAHOE WILL BE HELD DECEMBER 16

TAHOE CITY— Santa Claus says to remind everyone in the Tahoe City vicinity that on Friday, December 16th, the big annual Christmas Party for the children will be held under the huge tree in the center of Tahoe City.

Santa will have a wonderful array of presents for the youngsters in addition to refreshments and entertainment for everyone.

This annual community event attracts hundreds of spectators and participants and is a highlight of the holiday season in the community.

Druggist Is Speaker At Meeting Of Roatary, Discussing Ham Radio

TAHOE CITY— The Tahoe City Rotary Club held its regular dinner-meeting at Bacchi's Inn last Tuesday evening with 24 members and two guests present.

Guest speaker for the evening was Stanley Hunter, druggis from Nevada City. He spoke on ham radio operators, giving their first inception on radio. He told how they have been restricted in the use of their frequency from time to time since the beginning, and said that they first began to really be recognized by the Government as of considerable importance during the first and second world wars. They are really coming into their own at last, and being definately credited with importance the world over, especially in the line of civil defense, he added.

Charles B. Cross of the Truckee Rotary Club was the only Rotarian visitor, and Bob Heffner, of Sacramento was a guest.

It was announced at the meeting that local Rotarians, assisted by employees of the Sierra Pacific Power Company, have repaired and restrung seven strands of the electric lights on Tahoe City's big Christmas tree, and will do the same for the remaining three strands during the coming week. The lighting system of the tree has been out of commission since last Christmas.

Marriage Licenses

Jeffrey Schmidt, 23 and Sonja McCaskie, 18, both of Tahoe City and Milton Edward Duval, 31, Tahoe City and Janna Lee Pasner, 23 of Oakland applied for marriage licenses at Reno, early this week.

Kuchel Sees Aid For State Roads

by Henry C. MacArthur
Capitol News Service

If the prediction of U.S. Senator Thomas H. Kuchel is true, the nation will have a 40,000 mile federal highway system next year, an innovation which could solve some of California's major highway deficiencies.

The proposed system would effect north-south and east-west highways in various sections of the country by providing sufficient funds for improvements bringing the through routes up-to-date.

Particularly interesting to Californians would be the possible improvement to U.S. 40, over the Sierra Nevada, which has for years been a barrier to fast and facile commerce between this state and the east. This route in all probability would be the selection of the federal government for a through intercoastal highway, valuable for defense purposes, and even more valuable for speeding up traffic over the 7,000 foot pass.

However, the people will not get this 40,000 mile highway system without paying for it. To provide funds, which in the aggregate would amount to about thirty billion dollars spread over a ten or possible fifteen year period, new sources of revenue, or increases in old sources must be found.

Gasoline Tax

Kuchel said he would support a higher federal gasoline tax to finance such a program. Additional funds, he pointed out, might come from a revenue bond sale, or from the federal general fund.

The state of California long since recognized the value of U.S. 40 as a transcontinental highway, and has spent funds for extensive improvements to the route. However, the state has barely started on making U.S. 40, between Sacramento and the Nevada state line a four-lane highway, despite the fact that it is the most-used route in Northern California.

Senator Kuchel's comments on California's water problem also are worth repeating, in view of the fact they mirror a situation in this state which is not conductive to the public welfare.

The senator pointed out that Congress has been generous to California in the matter of appropriations for conservation, power and irrigation projects. Although he did not say so in so many words. there was a fairly clear indication that it is time for the state of California to quit bickering over water, and unite on a single program which will get the support of the congress on a wholehearted basis.

Positions Open In U. S. As Examinations Called

Federal agencies in California and Nevada will hire from civil service examinations just announced by the U.S. Civil Service Cimmission as follows:

Archives Assistant, $2690 to $3415 a year, and Library Assistant, $2690 to $3670 a year. No experience is required for the lower-grade positions.

Staff Nurse, $3670 a year, and Head Nurse and Nurse Anesthetist, $4525 and $4970 a year. A current professional license is required.

Architect, $3670 to $7570 a year. Experience to qualify must demonstrate a broad knowledge of architectural design and construction.

A continuing need exists for positions of Accountant and Auditor in Federal agencies throughout California and Nevada. A supervising auditor position with the Civil Aeronautics Board in San Francisio remains unfilled because of inadequate lists, the commission said.

Information as to where to obtain application forms and copies of examination announcements may be had from E. Dominguez at the post office.

California has more irrigation and reclamation projects, both in scope and value, than any other state.

TAX COLLECTIONS IN COUNTY GOOD

NEVADA CITY— Monday was without blue tinge for the office of Miss Elma Hecker, county treasurer and tax collector, when her cash register showed a one-day tax Collection of $97,803.39. Over $25,000 in individual taxpayer accounts came in during the day but the big one was from the public utilities of the Southern Pacific Company. This check totaled $72,419.93. The near $100,000 has been transferred from the treasurer's office vault to that of the Bank of America.

Miss Hecker stated that she is expectant that Monday, December 12th, will be the big tax collection day. Next Monday ends the pay period of first installment of taxes without the additional six per cent penalty.

Miss Hecker stated that mail payments, bearing the postmark of 5 p.m. December 12th, will be honored as penalty-free although not received in her office until after the 12th deadline. For the sake of expedience in serving the taxpayers as well as reducing the last minute rush burden of tax office personnel it is recommended that tax payments be made prior to December 12th.

IN RENO—

Mrs. Hannah Stewart has been a visitor at the Reno homes of her daughters, Mrs. John Gracik and Mrs. Louis Cavello.

Cub Scouts Hold Busy Session, Offer Program

Pack 7, Cub Scouts of Truckee, held a regular meeting on Tuesday, with the theme for the month being "America the Beautiful."

Each den showed pictures pertaining to various parts of the United States. Afterward Mrs. Mary King's den showed color slides of Sequoia Park, Lake Tahoe, and Colorado.

Seventeen Cubs and a record group of parents and friends were present.

After demonstrating their proficiency, Bobcat pins were awarded to six new cubs, Billy Carter, Teddy Daniels, Mike Ingalls, Eddie King, Jimmy Roth and David Sorani.

During impressive candlelight ceremonies at Akela's Council, Dick Ingalls was awarded the bear badge for efficiency, Gene McGihon received one gold and one silver arrow point on the Bear rank, and David Ayala was awarded the Webelos badge, highest honor the Cub Scouts can bestow.

The next regular pack meeting will be held on Tuesday, December 13th, and will consist of a special Christmas program put on by the boys.

The Cub Scouts' annual "pine corsage sale" will start on Saturday, December 10th. All funds go toward project materials and outings. The corsages cost only fifty cents and are well worth the small donation.

Native Of Boca Dies At Home In Capital

Last rites were held in Sacramento on Monday for Ernest Arthur Woodward, who was a native of this district, born near Boca 75 years ago. Cremation followed at East Lawn.

The deceased was the son of William Woodward, a rancher of Folsom area where the family settled in 1860.

Woodward is survived by his wife, Marion and was a retired auto mechanic.

Two Sentenced Here Taken To County Jail

Two men sentenced by Judge F. W. Wilson of Truckee Judicial District Court were taken to the Nevada County jail to begin serving sentence.

The first was John G. Hodgman, 38, whose address was listed as Ogden, Utah, who was given a 50-day sentence for drunk driving after he was arrested last week in Truckee by Highway Patrolmen. The other man was Joseph St. Clair, 60, of Truckee who was given 60 days for being drunk on a public road in violation of County Ordinance No. 136.

Donner Summer Resident Was On Disabled Plane

Mayor and Mrs. H. Hendren of Sacramento were among passengers aboard a four engine Japan airline plane in which the motor failed last week, 600 miles from Hawaii. The summer residents at Donner Lake were enroute from a tour of the Orient.

The plane returned to Hawaii for repairs.

"Everyone was calm," Hendren said. "but for a while I wished that I was riding a bicycle or a horse and buggy."

Highway Patrol Moves Offices At Roseville

ROSEVILLE— The California Highway Patrol today disclosed in Sacramento it will move its Placer are office from Roseville to near Auburn with the expectation the move will be made in Feburary.

Fred Williams, facilities officer of the highway patrol, said ground leveling work has been started at the site at Bowman, about two miles east of Auburn, on US Highway 40.

The patrol will retain its substation in Truckee.

Health Conference

KINGS BEACH— A child health conference will be held at the Carpenters' Hall in Kings Beach December 15th at 1 p.m. under the auspices of the Placer County Health Department.

FALLS IN HOME—

Donna, small daughter of Mr. and Mrs. Russell York was treated at Tahoe Forest Hospital last week following a fall at home.

TO TEMPLE CITY—

Mrs. L. D. Nelson with Doug and Susan went to Temple City to-day to visit her father who has been in ill health.

IN LOS ANGELES—

Mr. and Mrs. William Fordman and son Billy were business visitors in Los Angeles this week.

STRELOWS GO SOUTH—

The Henry Strelows of Donner Lake have been vacationing at Inglewood.

Hawaiian cane molasses has been imported as a feed for livestock since 1920.

Community Methodist CHURCH NOTES

Rev. Wesley H. Osman announced the following plans for the local Methodist church during the Christmas season. Next Wednesday December 14th, the Women's Society of Christian Service will hold a party during its regular meeting at 1:30 PM. For details please see either Mrs. Jack Ellis, Mrs. Ben King, or Mrs. Wesley Osman.

Sunday, December 8th, Sunday School Christmas program will offer a tableau. The program begins at 7:30 PM.

Wednesday, December 21st, the Methodist Youth Fellowship will go Christmas caroling and return for a party at the church.

Christmas Eve, Saturday the 24th, the choir will offer carols along with inspirational readings to help make this night one to remember in the Christian year.

Since Christmas falls on Sunday, morning worship service will be held as usual at 11 AM.

William Carver, local attorney, went to Sacramento on Monday to attend to a court matter.

Christmas Program For Wyethia Is Tomorrow

The Christmas program at the Wyethia Club friendship tea to be given to-morrow afternoon in the Methodist Church between the hours of 2 and 5 o'clock will be given at 3:30 with Girl Scouts and Brownie Troop 1 and 2 singing carols. Living pictures under the direction of Mrs. Fred Pedley will be seen and a reading, the Night before Christmas will be given by George Woodward, Jr.

Mrs. Charles White and Mrs. Annie Tonini will preside at the tea table, assisted by Mrs. August Benjamin and Mrs. William Carver who compose the refreshment committee.

Mrs. Charles Heller and Mrs. Pedley have been named to arrange the decorative appointments of the rooms.

All newcomers to the district are invited to attend the function, given in their honor.

CURLY KAYOE

by SAM LEFF-

OH, HAPPY— WHERE'S CURLY?

HE GOT A PHONE CALL AND SCOOTED OUT OF HERE LIKE A VOLUNTEER FIREMAN!

IF YOU LEAD US TO THE HEAD OF THE GAMBLING RING WE CAN CLEAN UP BOXING IN THIS STATE, CURLY—

HOW DO I GO ABOUT IT, GOVERNOR?

LET IT BE KNOWN THAT YOU NEED LOTS OF MONEY FAST. IT MAY BE THE RIGHT BAIT FOR THE KIND OF RAT WE WANT TO CATCH!

I'LL GET TO WORK IMMEDIATELY, SIR!

I CAN'T TELL MOM OR HAPPY ABOUT THIS.. IT'LL WORRY THEM!

WHERE HAVE YOU BEEN, KID?

OH, ER- I SAW MY BROKER! MY INVESTMENTS TURNED SOUR, HAPPY!

BULLETIN

I MUST HAVE A FIGHT SOON OR I'LL BE FLAT-BROKE!

HOLY COW! I'LL GET RIGHT TO WORK ON IT, KID!

DIDJA HEAR, MOUSE?

YEAH, MUSCLES- THE BOSS WILL BE VERY MUCH INTERESTED IN SAME... LET'S GO!!

SAM LEFF-
